mindway is born in 2007 when online education was still taking its first steps. We are pioneers in creating an agile experience in online learning to reinvent the way things are done.

We created a new methodology to assist universities in developing the best and most interactive and dynamic programs. We collaborate with prestigious

universities worldwide, and we define the most relevant areas of knowledge for today's professionals.

Throughout our history, we have collaborated with national and international universities of international prestige, providing our students a diploma of European recognition.

With 45 editions and more than 21 million readers, ELLE is one of the most influential lifestyle and fashion brands in the world. Its expertise in the fashion and lifestyle

industry, combined with the knowledge of academics and professionals, is what makes up ELLE Education.

MBA, Masters, Diplomas, Specialization Courses and Open Programs are the programs we offer in order that you can develop a successful career path. Marketing, communications, public relations, image, strategy, plan development, geometry, interior design are the fundamental pillars in our education that is focused on lifestyle, decoration and fashion business.

Why study with us?

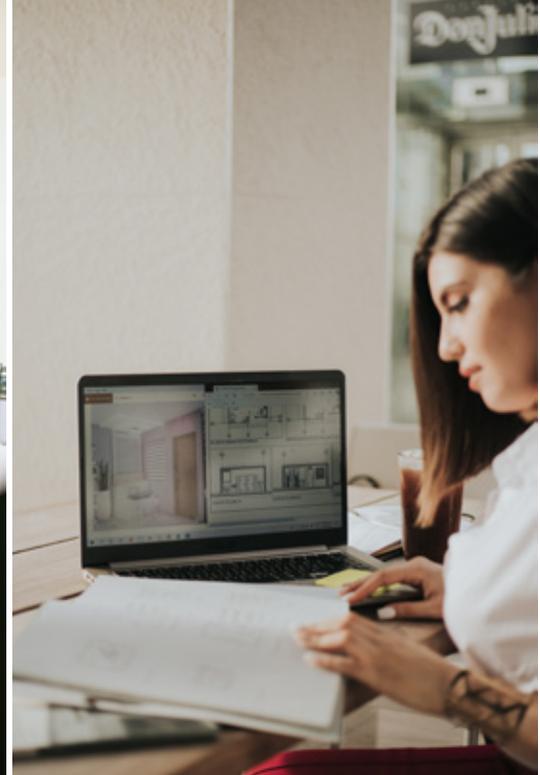

At ELLE Education x mindway, we have revamped the norms for higher education. We design technology to create innovative academic experiences in a digital environment. We promote and direct entire programs, creating high quality content, and accessible tools to reach students through a virtual campus with the best learning experience.

Our platform connects the best of the university system thanks to having such a relevant academic partner as Camilo José Cela University, with high levels of rigor and excellence. UCJC's strategic pillars are entrepreneurship, technology and digitization, social commitment, and well-being. All of this, combined with the collaboration of leading brands and specialized professionals, allows our students to develop their careers and find their professional place in the world of fashion and interior design.

Interior Design

YOU WILL LEARN CONCEPTS ON LIGHTING, MATERIALS, HOW TO ORGANIZE INTERIOR SPACES AND MAKE YOUR MARK IN THE INDUSTRY

Interior design and decoration have become an art. These sectors are acquiring more relevance in our society and experimenting a significant growth rate.

In order to work within the interior design industry, it is essential to know the fundamental pillars of the sector, its nature,

and particularities as well as to obtain a complete view of the environment. This Specialist Training Diploma will give you a global vision of the industry and all of the facts needed to

create a successful interior design project. Acquire concepts on lighting, materials, how to organize interior spaces, and make your mark in the industry.

SYLLABUS

1. INTRODUCTION TO INTERIOR DESIGN

- Project's Guidelines
- How to Present the Practical Assignments

2. INTERIOR DESIGN HISTORY

- Decorative styles
- History of Interior Design
- Antiques

3. SPACE

- Understanding Interior Space
- Organizing Interior Space
- Space

4. DECORATION Y LANDSCAPING

- Working with objects
- Designing objects
- Decoration
- Landscaping

5. CONSTRUCTION

- The Human Interface
- Understanding the Structures
- Materials

6. PROJECT

- The Design Process
- Understanding the Project
- Submit the Project

Modality

With the Online modality you will enjoy:

1 Lectures from professionals.

2 Videos of classes online: you can watch lectures as many times as you want.

3 Webinar with the tutoring team in each module.

4 Online campus materials: documentation, tests and case studies.

5 Networking through the platform.

2 Online editions per year:
November 2023 & April 2024

Methodology

All the methods in a single platform. The Online Campus will allow you to keep all of your class material organized in one place: notes, extra documentation, videos of the classes and calendar. The evaluation will be carried out through compulsory practical exercises and online tests, in which you will demonstrate that you have acquired all the knowledge necessary to pass the program.

Virtual Campus

START

Through our academic calendar you can follow all of our events, tests and assignments, as well as the course syllabus. Don't miss anything!

PROGRAM

You will find the videos, tests and assignments as well as all the documentation of each module as the theoretical content is taught.

LIBRARY

Do you want to delve into the topic? Find additional documentation in our library!

CALENDAR

Check all the deadlines for your tests and practical assignments.

FORUM

You can share information and opinions with other colleagues and the tutor, and do some online networking!

STUDENTS

You will meet all of the course participants and know more about their interests and training. Your next business partner can be found here!

ALERTS

You will receive your tutor's notices to keep up-to-date!

MESSAGES

Do you have any doubts about the course? Do you want to comment on anything? Contact your tutor or any of your colleagues by private message.

Learning Tools

TUTORING

You will have at your disposal a team that will guide your steps and will make a personalized follow-up of your progress throughout the program.

CONNECT!

You will be in constant communication with your colleagues. Through the forum located in the Online Campus you will be able to open discussion topics and share your concerns in relation to the industry.

PERSONALIZED ASSISTANCE

Our coordination team will assist you whenever you need it. They will accompany you throughout the whole process and will be at your disposal to help you with all the doubts you may have about the online campus, classes...

We are here to help you!

Goals

You will experience the true learning process of Interior design: you will start with a tour of the design history through decorative styles and iconic design pieces.

You will discover the basics principles regarding materials and acquire concepts of construction, lighting and decoration.

You will acquire concepts to design different spaces and environments, working with the suitable combinations of shapes and colors.

You will learn to interpret, outline and create plans through technical drawing.

You will develop your creativity working and designing a proposal integral.

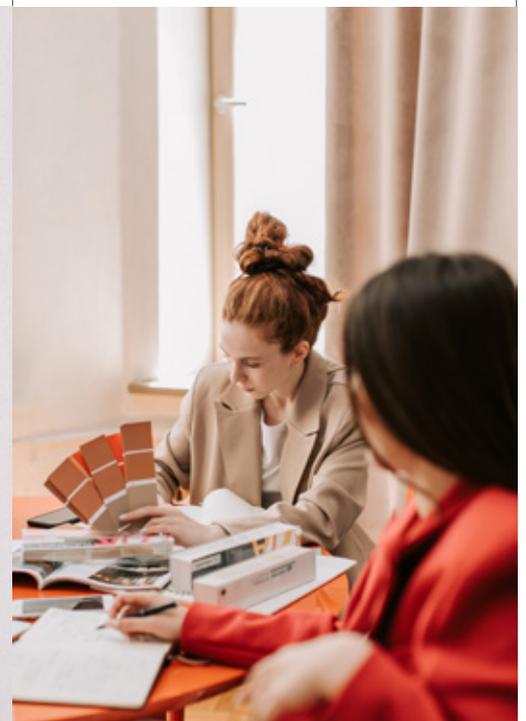

Target audience

This training program is aimed at individuals who wish to specialize in interior design.

The student profile can be diverse, as it is targeted at both men and women who have just completed their studies, as well as those who already have a university degree and experience in the sector but want to expand their knowledge in the field.

- Graduates in Architecture or Engineering.
- Graduates in Graphic Design.
- Event management.
- Business administration.
- Graduates in Social Sciences.
